Write a blog post. Your campaign is awesome – don't hide it from the world. Use your blog post as an opportunity to introduce readers to the valuable content they'll find in your offer.

☐☐

Share it on social media. Promote your blog post and offer through social media to drive traffic into the top of your funnel.

☐☐

Add in long tail keywords. Make sure your campaign is SEO friendly – that way, interested prospects will find your campaign long after you stop actively promoting it.

☐☐

Consider paid search and other channels. Other channels can be a part of your inbound campaign, too – just be sure that you are measuring the effectiveness of these channels.

☐☐

Track your URLs. Where is your traffic coming from, and how are visitors finding you? Tracking URLs can help.

☐☐

Report on your results. Hard work shouldn't go unmeasured. You set goals at the very beginning; now it's time to celebrate your success. Organize and show off your numbers at the end of the campaign.
